The 36th Annual Copley Golf Scramble is not only a good time, but it also helps Copley Hospital continue to provide exceptional care for our community. Proceeds from the tournament have helped with several significant projects including our MRI Suite, Surgical Center and expansion of our Emergency Department. They have also helped with the purchase of medical equipment and ensure care is available to those in need through the hospital's Charitable Care Program. Combine this good cause with friends and a wonderful course and it's a win-win for all!

Proceeds from this year's event will support the construction and outfitting of our new Mansfield Orthopaedic Waterbury Clinic. As one of the largest orthopedic practices in the state, and growing, the new building will provide much needed space and help decompress the main campus in Morrisville.

With the growing need of expert orthopedic care – from hips, knees and shoulders to foot, ankle and hands, Mansfield Orthopaedics continues to be the provider of choice.

"As a leader of orthopedics, the new clinic will allow us to expand access to accommodate the increasing volume of orthopedic needs," says Copley's Chief of Orthopedics and renowned shoulder surgeon John Macy, MD.

The 10,000 square foot facility, located on Route 100, one mile from the I-89 Waterbury exit, will be operational by fall of 2024. We have outgrown our current rental space in down town Waterbury. The new clinic will reduce appointment wait time, allow for all our orthopedic providers to rotate their schedules between Morrisville and Waterbury as well as add new providers. Your participation in the Copley Scramble will help us grow our orthopedic services.

Your player package includes 18 holes of golf with cart, awards luncheon and a tax-deductible donation to our community hospital. Spots fill up quickly so sign-up soon.
